

IT'S ALL JUST FOR OUR BENEFIT!

/From correspondence with Joseph/:

Joseph: Michael, something strange is going on in the world... I began to notice the beginnings of anti-Semitism even among those who studied with you...

Michael: yes, as for 'anti-Semitism', despite the fact that the Jews themselves provoke and contribute to this, such sentiments show clearly that 'even those who studied with me' are still far from being corrected!

Joseph: get scared... these nationalist sentiments... lest it would lead to the third world war...

Michael: all this must happen: wars, terror, brother fights against brother, son against father, etc. And just in these 'scary' moments one should keep the faith and remain at peace! After all, it will pass with time! And no one will escape the judgment on himself... and remuneration for individual work lishma, for haShem!

Joseph: yes, today I have spoken with Elena about it.... she lives near Sloviansk... and takes a pro-Russian position... she said: "Michael said that war cleans. If so, let us be cleaned!"

Michael: all these "terrible" things are given to us just in order to give each of us work to strengthen the FAITH!

Joseph: !!!

Michael: more Sitra Achra (the unclean force) oppresses us, the more we have a chance to strengthen, to climb on a still higher level of faith. And so it's all just for our benefit!

Joseph: Yes, Michael, may I publish this correspondence in FB page?

Michael: sure!

Joseph: Thank you!

Michael: and thank you!
